SPIRIT OF FAIRBRIDGE
Replica of 1850 Liverpool Bay Pilot Schooner
Built at Canning Dock, Liverpool
By The Spirit of Merseyside Trust
Completed 1985

Line drawing: David Tucker

*There is a ship I dream about
I sailed on her before
Her mast appear, I hear a shout
And feel the ocean roar.*

*Sometimes I have a nightmare
I'm trapped and can't get free
I'm sick! I'm tired, I'm cold & wet!
The Spirit's not for me!*

*We sailed 2 days & 3 nights
Two hundred 20 miles
Of course there were a few fights
But mainly cheeze smiles.*

*And gradually it changes
It's different from before
The sky is blue, the winds are fair
And now my spirits soar!*

Nationality	British
